Canada Research Chair in Integrative Science, CBU
contact: Cheryl Bartlett, 563-1624

**CAPE BRETON
UNIVERSITY**

On the day before Mi'kmaq Elders Murdena and Albert Marshall from the First Nation community of Eskasoni in Unama'ki - Cape Breton were to be conferred with Honorary Doctorates during Fall Convocation for Cape Breton University, we held a community celebration in their honour at the Fisheries Building in Eskasoni.

Drumming, a feast, music, and the presentation of a gift accompanied the laughter and good chatter provided by a sizeable group of family, friends, and colleagues.
